

December 2016

Dear budding coracle maker,

Welcome to my 2017 programme of coracle making workshops and my 12<sup>th</sup> year as a coracle maker.

Using traditional materials combined with a few basic hand tools, this two-day workshop will provide you with a completed and covered coracle frame.

Each course costs £325/£360 per coracle and includes tuition, all materials, all tools supplied, a complimentary membership to the Coracle Society plus a dry-bag and paddle.

There are two options for the waterproof covering of your coracle; one traditional for the style (£325 fee) and the other a modern substitute (£35 extra). The traditional cover requires painting with tar to waterproof it which you will be unable to do during the course, therefore with this option it will be necessary to finish your coracle at home. The modern cover is already waterproof so you leave the course with a completely finished coracle that is ready to paddle.

The modern cover is available in a range of colours including blue, green, red, yellow, orange, brown, silver, grey, white and black, of which I will always have black and/or green in stock. If you would prefer a particular colour please let me know when you book for the course.

Please note that tuition takes place in an open fronted shelter. The course will be run whatever the weather therefore you may need to dress warmly. There is a sheltered seating area for lunch and a toilet.

Tea and coffee will be available throughout the day, but you are requested to bring your own packed lunch.

If you have any further queries please get in touch.
